

# How to Use Scribd

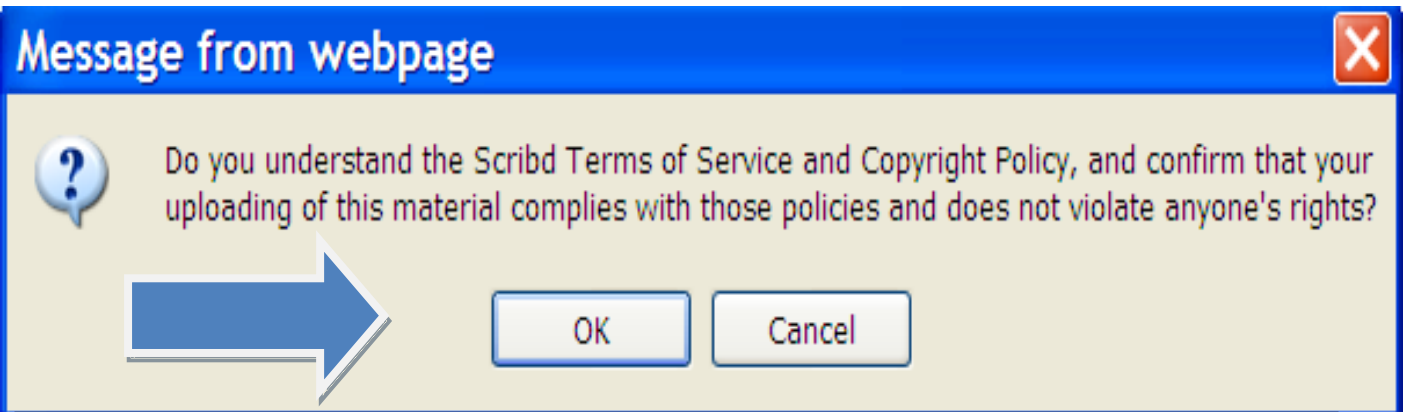

By Alasdaire (Kimihiia)

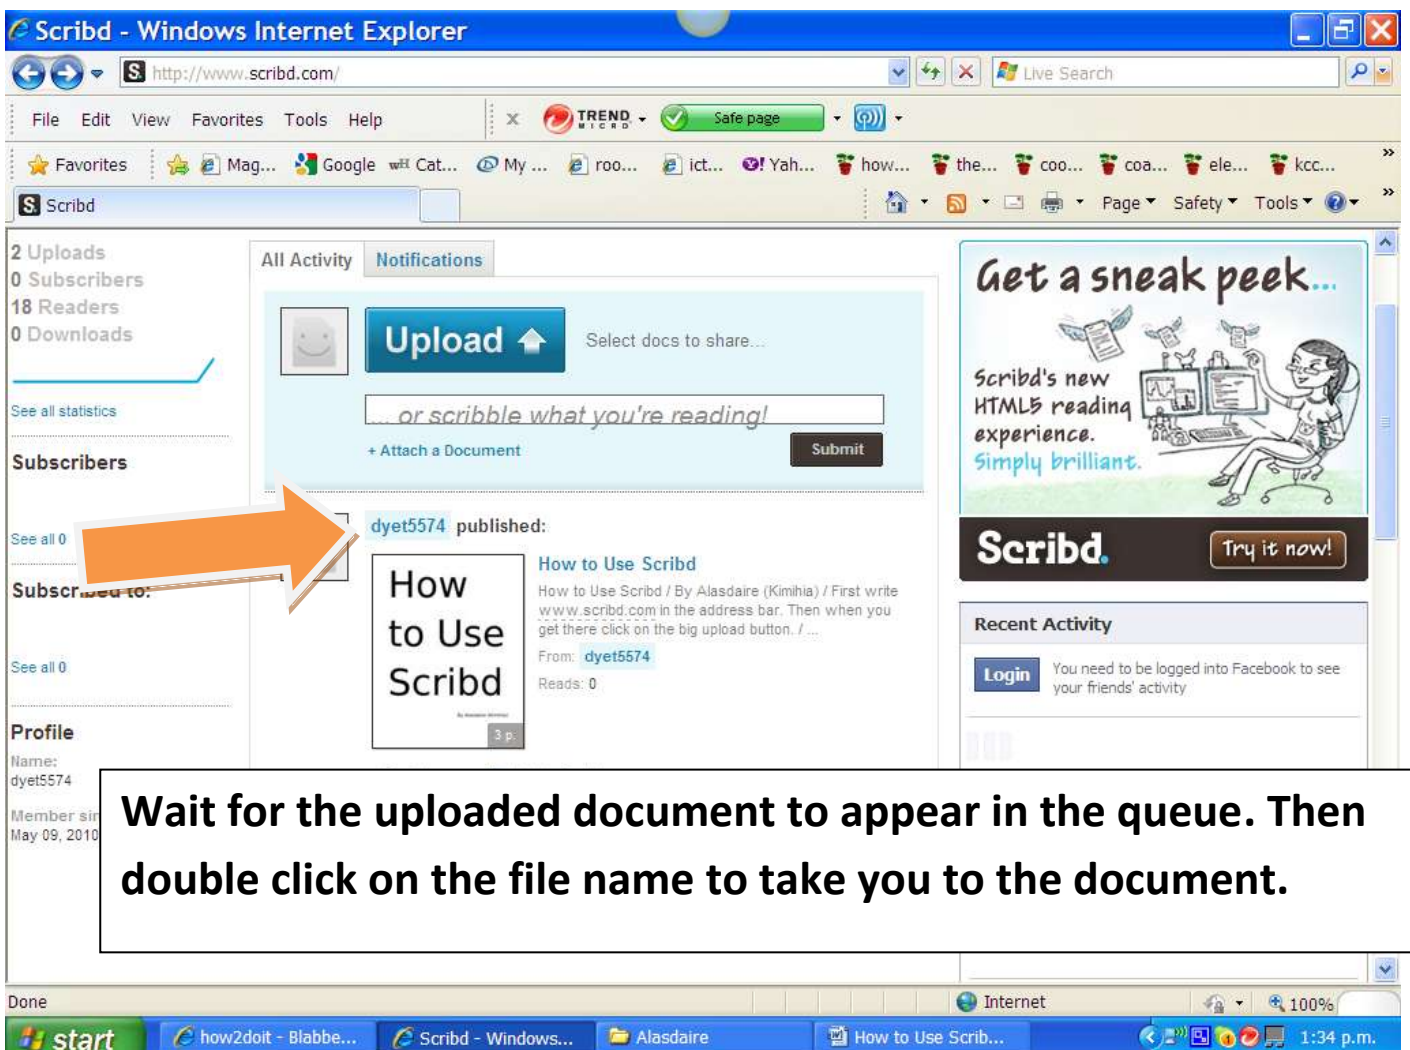

First write [www.scribd.com](http://www.scribd.com) in the address bar. Then when you get there click on the big **upload** button.

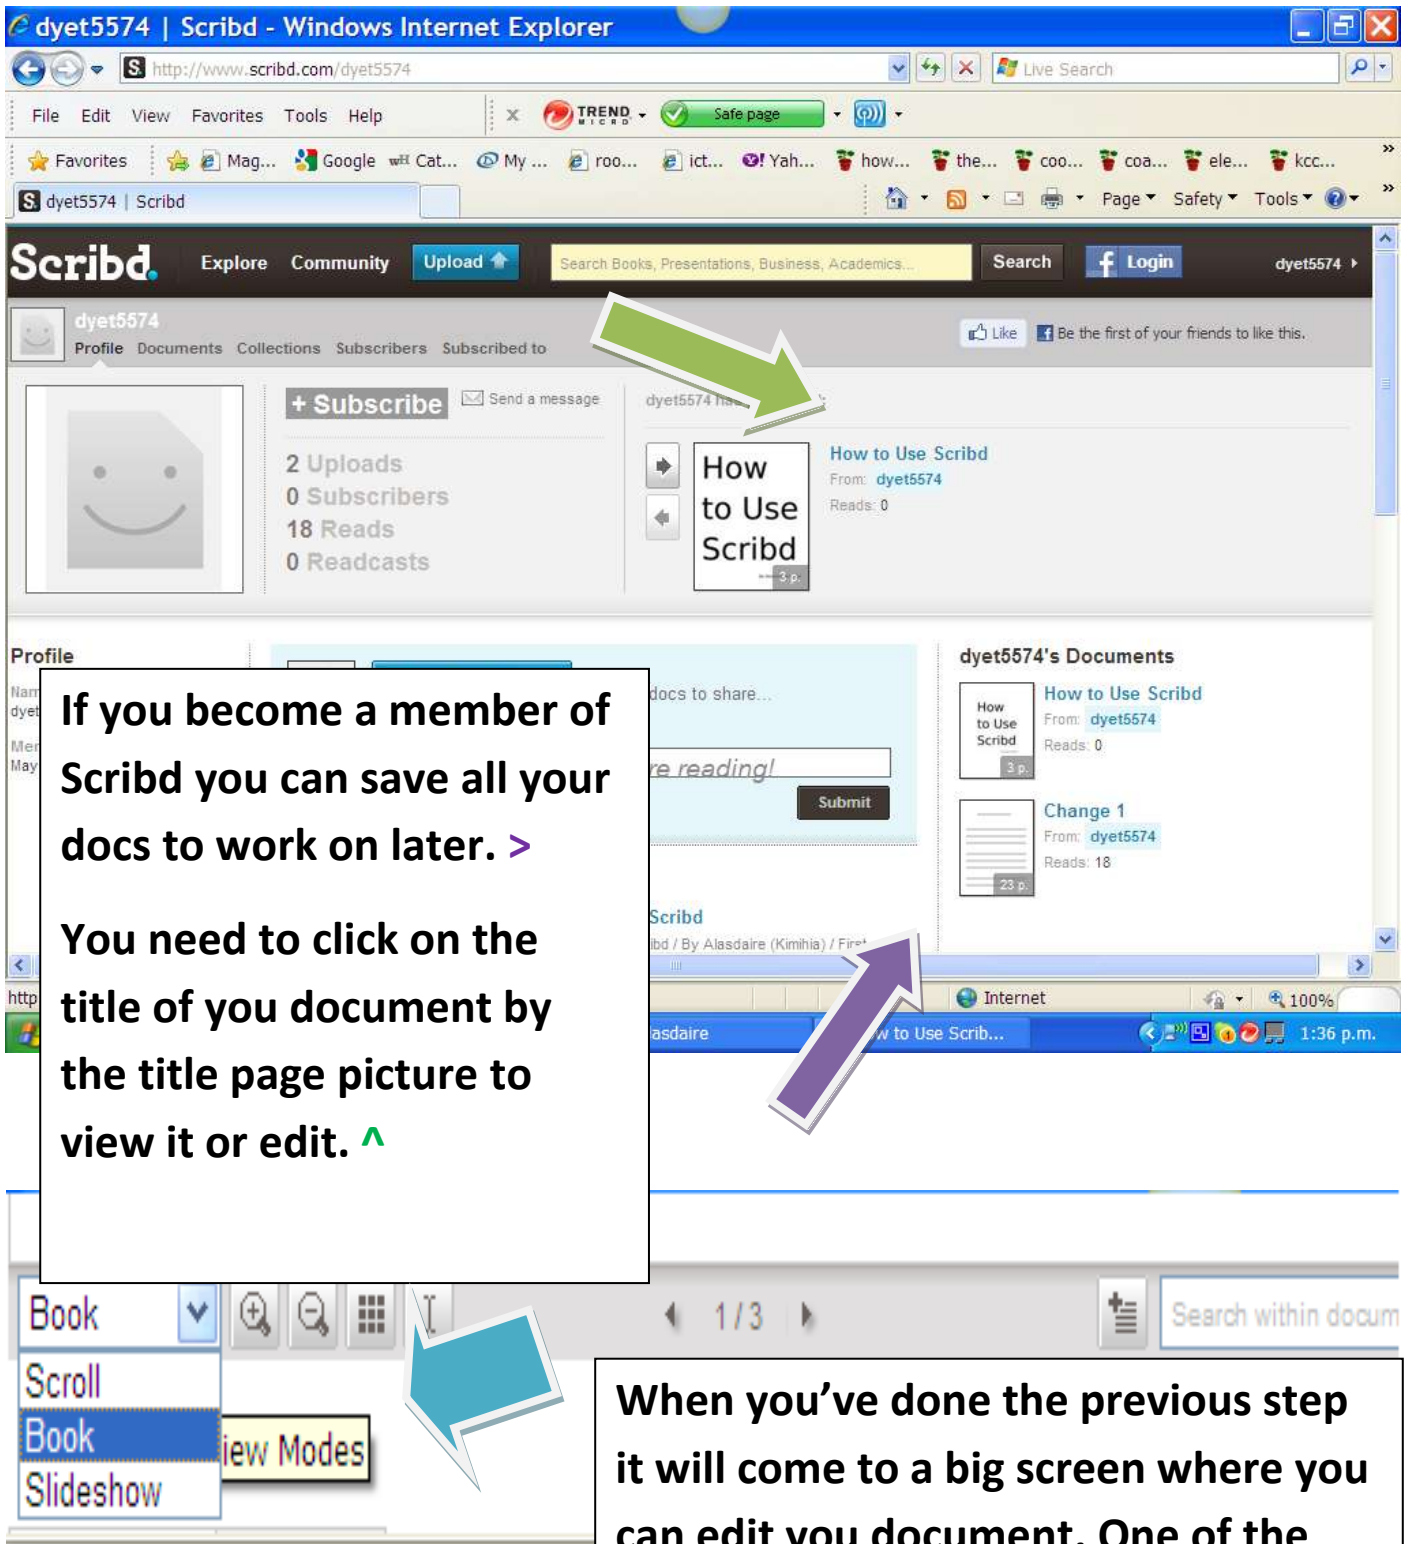

Then you go to the document that you want to upload.

As soon as you click on to upload your document this warning will pop up and if you still wish to continue, click OK.

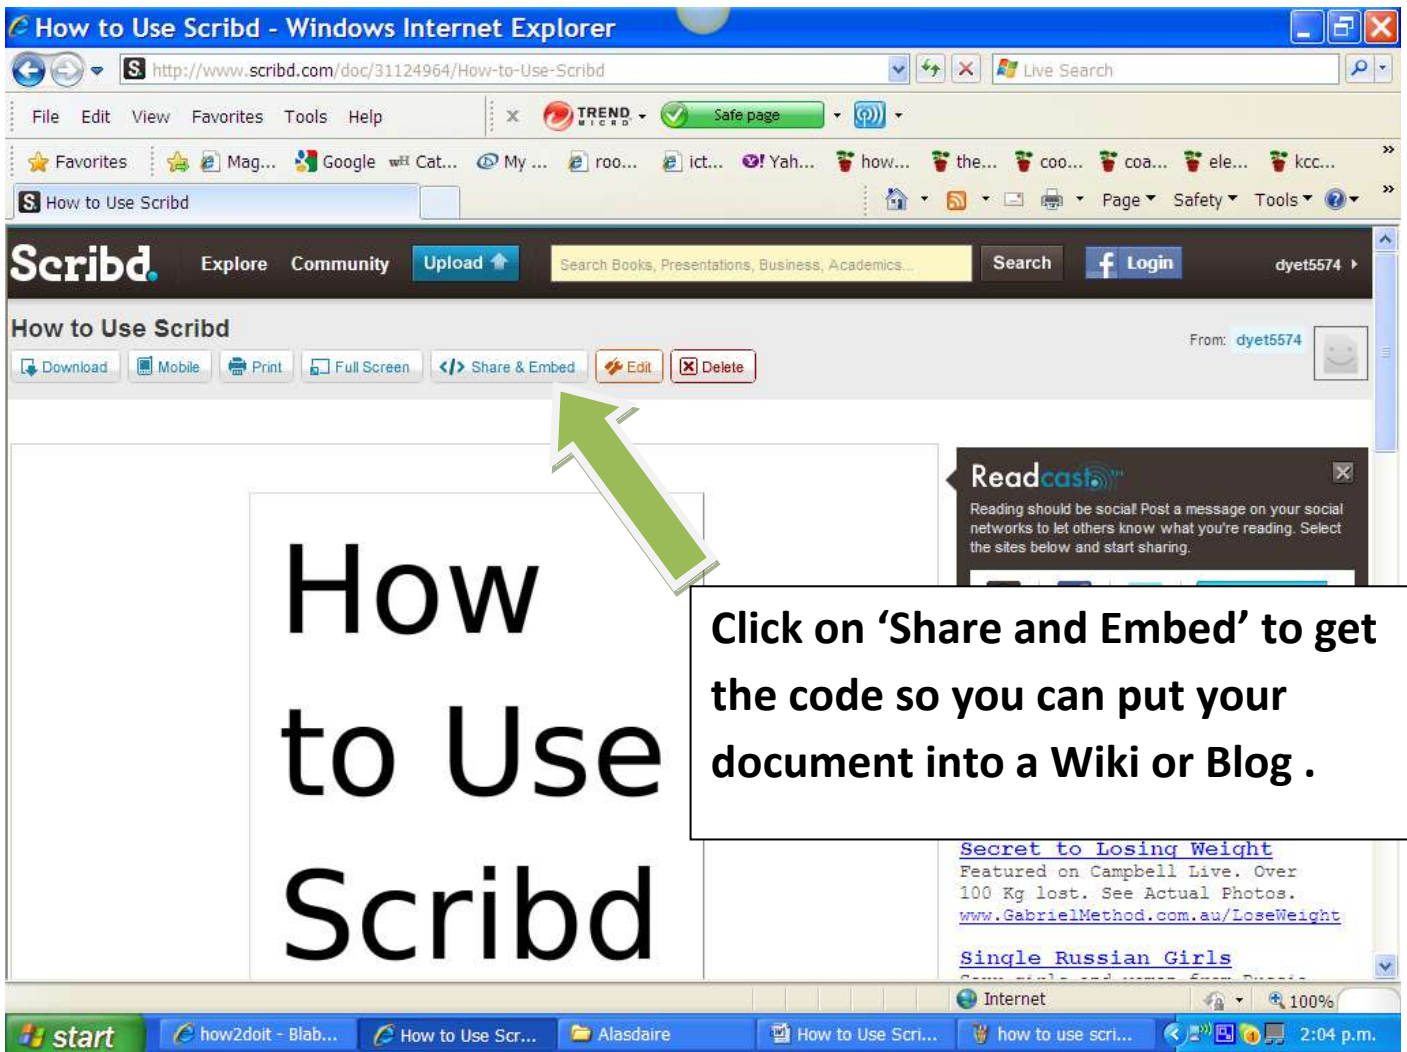

Wait for the uploaded document to appear in the queue. Then double click on the file name to take you to the document.

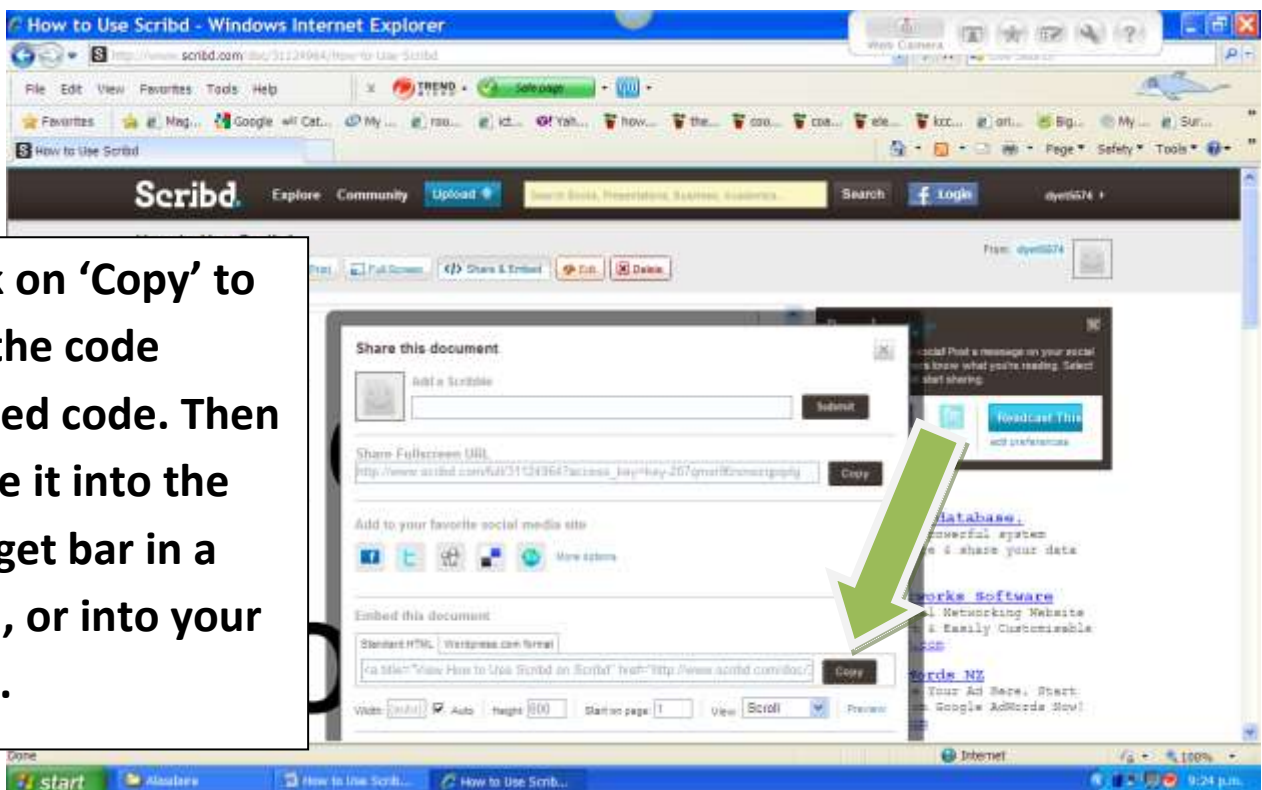

If you become a member of Scribd you can save all your docs to work on later. >

You need to click on the title of you document by the title page picture to view it or edit. ^

When you've done the previous step it will come to a big screen where you can edit you document. One of the options is to make it into a scroll, a book or a slideshow.

Click on 'Share and Embed' to get the code so you can put your document into a Wiki or Blog .

Click on 'Copy' to get the code Embed code. Then paste it into the Widget bar in a Wiki, or into your Blog.
