

HOW do I use Photo Story 3 ?

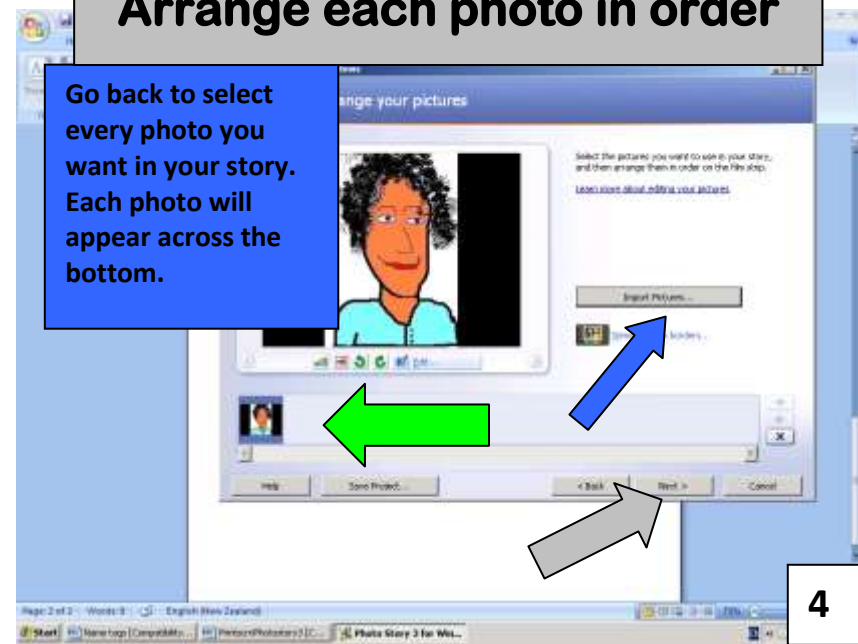

Find your photos

Choose each photo

Arrange each photo in order

Write on each photo

Select each photo, one at a time, and write a message on it. You can select the text and change the font size and colour. You can change the photo effects

5

Record your voice

You can record your voice with a microphone and narrate your story.

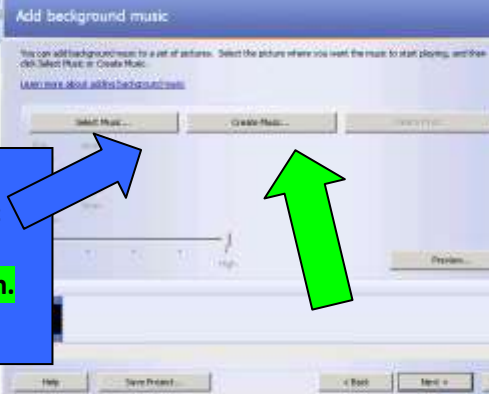

You can choose the camera movement of the finished movie

6

Add background music

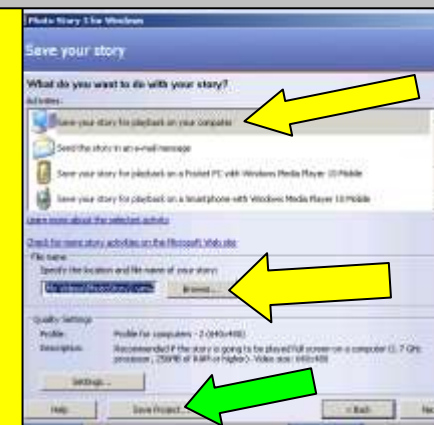

You can add background music from your files, or make up your own.

7

Save your project

You can save your story to play back. BROWSE to choose where you save the finished story. 1. Save the story project to work MORE on later, OR 2. Next to Save the whole finished story.

End
